

Support of Services to ITICC Provided by ADCS, 2008-09

Walter Library 103	\$19,250
Technical Support	\$7,120
Total	\$26,370

Note: Since its opening in Fall, 2002, ITICC has paid for 15 Unix and Linux computers dedicated to IT students in the Walter Library 103 computer lab. It has also paid for the fractional lab consultant and technical support time associated with these machines. This relationship will be maintained and is not affected by the move to the new management structure.

This FY09 budget is the as the one that was set after discussion between P. Hudleston and J. Larson on May 4, 2007 for FY08.
