

## **Support of Services to ITICC Provided by ADCS, 2009-10**

In 2009 IT Labs lost EE/CS 3-168 as a computer lab. At that time IT Labs approached ADCS and asked for additional space in Walter Library. Since its opening in Fall, 2002, ITICC has paid ADCS to support computers in Walter 103. The cost of running Walter Library is \$130,000/year and IT Labs has 25% of the computers in that lab. Our cost for FY10 is \$32,000.
